I will send out an e-mail to see who will be joining the call. I agree, if we are missing key people we should cancel then set a new date in June since we didn't meet last month.

I can lead the call, but if Clayton or some other key person isn't able to make the call, I think it would be good to cancel, though for our June meeting, we'll also have to cancel as that's the CZARA ag meeting day.

Would you be the lead on the Klamath call? I will be in the field tomorrow with the RARE project. I will send out an agenda and logistics for the call this morning.

Yes! And thanks for taking the lead on the Ag presentation for CZARA.

Jenny,

Tomorrow is the Klamath call. Do you plan to be on it?
